

APPLICATION

The FilSafe Tank Monitoring Alarm Unit LD Series 101, provides an **Over-Fill** level alarm for 1 tank, and is mostly used in Diesel Oil or Water tanks.

The unit comes complete with a 1 metre adjustable level float switch that makes this a highly reliable **Over-Fill** alarm system.

- **Helps to avoid Liquid Spillage**
- **Continuously monitors tank**
- **Mains Powered**
- **Built in Sounder**
